Melt chocolate & butter

Combine the dark chocolate and butter in a heatproof bowl. Melt together over a double boiler or in 30-second microwave bursts, stirring until fully smooth. Let cool slightly.

03

Whisk eggs & sugar

In a separate bowl, whisk together the eggs, egg yolks, and powdered sugar until the mixture is pale and slightly thickened — about 2 minutes by hand.

04

Combine & fold flour

Pour the melted chocolate mixture into the egg mixture and whisk to combine. Add vanilla extract, then sift in the flour and salt. Fold gently until just incorporated — do not overmix.

05

Fill & chill

Divide the batter evenly among the prepared ramekins. At this point you can refrigerate them for up to 24 hours. Bring back to room temperature 20 minutes before baking.
